- o Fast-track items from 10/02/2019 (Police Department Fence and Therapeutic Riding Screen)

# New Mexico State University

## Office of the University Architect

08/30/2020

- Fast-track item from 12/04/2019 (Baseball Training Facility revised from 9/2019 meeting)
  - Fast-track items from 01/28/2020 (Football Coaches Patio Renovation and Selective Demolition (Regents Row/Roberts Hall)
  - Fast-track items from 05/13/2020 (NMDOT I-25/University Avenue Project- NMSU Roundabout Monumental Sign and Burrell Storage Yard proposal)
4. **Campus Planning Committee Charge**
5. **Information Items:**
- a. **Capital Outlay- Five Year Facilities Plan for Las Cruces Campus**
  - b. **Updates to the Campus Master Plan 2017-2027 in process, see <https://www.nmsucampusupdate.com/>**
    - Arrowhead Park
    - Aggie Uptown
6. **Action Items (from 8/27/2020 RREC meeting for 9/18/2020 BOR):**
- a. **Las Cruces: I-25/University Avenue Interchange Landscape and Campus Entry**

**Motion:** Jim Murphy

**Second:** Scott Eschenbrenner

**Vote:** Approve

    - Monumental Signage- Update from 5/13/2020 recommendation
    - Signage concept feedback, see <https://www.surveymonkey.com/r/nmsu-entry-monument>

**Discussion:**

    - Stephen Lopez: Once the NMDOT I-25/University Ave. ROW Use Agreement has been approved, can I get a copy at the Police Department, since it has a slight impact on how we take reports (like graffiti, should it happen)? Thanks!
    - Patrick Turner: Who will be looking at the results of the survey and making the final decision?
    - Heather Watenpaugh: Guidance will be given from president's office
    - Patrick: Noticed there were two different survives that went out but wanted to make sure it was only being taken once by people.
    - Heather: There are two because added one option saying I don't like any and more room for comment.
    - Patrick: Suggested having a spot on the concrete to indicate a selfie spot
    - Steve Stochaj: Suggested creating the walk way in bricks with names on them can help to pay for project and trees
  - b. **Las Cruces: Agricultural Modernization and Educational Facilities Phase 1**

**Motion:** Letty Gallego

**Second:** Katherine Terpis

**Vote:** Approve

    - Food Science Learning and Safety Center

- Feed Milling and Processing Facility/Maintenance Facility
- Biomedical Research Building- Phase 1
- Ag Barns and Site

**Discussion:**

- Stephen Lopez: Question on slide 24. On the left side of the building separate driveway could we have one single drive way and not have another one for the equestrian pavilion driveway? Also for the new biomedical building suggested installing brick proof windows which will be slightly more expensive but cheaper if it is done during construction.
- Letty Gallegos: Thinks it will fit well with current buildings on that end of campus and has a similar look to Hardman and Jacobs
- Matthew Madrid: Likes the look along with the Spanish Renaissance Revival.
- Patrick Turner: Likes the architecture but asked if we could use more crimson noticing the campus has a lot of beige.
- Heather: Crimson fades very quickly in the sun here but it is being looked at being brought in with the furniture and plants.
- Katherine Terpis and Angie-Faith Thomas: Also liked it

**c. Las Cruces: NMDA Building Renovation and Addition**

**Motion:** Patti Havstad

**Second:** Scott Eschenbrenner

**Vote:** Approve

- Main Building #330
- 2011 NMDA Addition Building #643
- New Lab Building proposed building #663
- **Discussion:**
- Letty Gallegos: Does not like the far right windows because it looks like Guthrie and dated.
- Heather: The far right windows are a part of the original building and are what we are moving away from.
- Katherine Terpis: Why the breeze way? The green space is good location do we not want to use it for building?
- Patrick Turner: Has asked students what is important to them when they pick a school and the green space was brought up as being important to them and where they want to be.

**7. Next Meeting: Wednesday, October 7, 2020, 3:30PM, TBD**

**Discussion:**

- Letty- Moving forward indicate where the money is coming from for these projects to the public
