

New Mexico State University FY23 BRR

UNIVERSITY BUDGET COMMITTEE

Bart Lane

Interim Associate Vice President
Facilities and Services

BE BOLD. Shape the Future.

Decisions Requested Today

- 2022-2023 BRR sector allocation as %
 - ✓ Major Maintenance (MM) – 37%
 - ✓ Infrastructure (INF) – 26%
 - ✓ Capital Improvements (CI) – 35%
 - ✓ Environmental, Health, Safety (EHS) – 2%
- Continuation of existing authority to adjust sector percentages +/- 10% with AVP and Vice Chancellor approvals
- Continuation of existing authority to reduce sector minimum from 5% to 2% with AVP and Vice Chancellor approvals

BRR Goals are to extend \$\$\$

- Replace/repair assets that require extensive maintenance with low maintenance components
 - ✓ Reduces maintenance costs
 - ✓ example: an elevator with many service calls
- Make repairs / replacements that extend the life of assets
 - ✓ defer repairs
 - ✓ example: Stucco – repair cracks and coat with an elastomeric coating.

BRR Prioritization Process

- Priority ranking by sector applied by Facilities
 - ✓ The safety of faculty, staff, and students
 - ✓ Critical components of the NMSU infrastructure
 - ✓ Major Maintenance for asset protection
 - ✓ Development of new initiatives and/or the continuation of existing programs

BRR Sector Definitions

- Major Maintenance

- ✓ Repair or replacement of failed or failing building components as necessary to return a facility to its currently intended use, to prevent further damage, or to make compliant with changes in laws, regulations, codes or standards.
 - Repair and replacement of building components such as boilers, roofs, windows
 - Facility changes necessary to meet regulatory and code requirements other than ADA

BRR Sector Definitions

- Infrastructure

- ✓ The basic support facilities needed for the functioning of NMSU, such as transportation (roads) and utilities (communication systems, sewage, water, steam, and electricity). These are considered essential for supporting the physical functions of NMSU.

- Transformer

- Chilled water line

- Utility Tunnel System

BRR Sector Definitions

- Capital Improvements (CI)
 - ✓ New construction, adaptive reuse of an existing building or room(s), or replacement of multiple building components.
 - New GSF
 - Programmatic remodels
 - Conversion of a lab to a conference room
 - Master Planning and Feasibility Studies

BRR Sector Definitions

- EHS (Environmental, Health, Safety, Access)
 - ✓ Facilities improvements related to environmental stewardship, and maintaining a safe environment for NMSU students, faculty, and staff.
 - Identified unsafe conditions such as stair tread, sidewalks, etc.
 - Remediation and disposal of hazardous materials such as asbestos and ballasts with PCBs
 - Overlaps with some other categories
 - ADA
